

QUALITY PLUS CERTIFIED COOL

Used vehicle price | New vehicle confidence

Thoroughly inspected and
comprehensive coverage —
Rest assured.

Your purchase comes with
Added protection

The Quality Plus Certified COOL program provides assurance that your vehicle has been inspected and is certified for proper working order and coverage to protect against unanticipated component breakdowns and related repair costs.

- **Roadside assistance** — With emergency roadside service you can receive 24/7 assistance with lockouts, tire changes, jump starts, fluid delivery, and towing. Help is just a phone call away!
- **Car rental** — We understand that your vehicle is often a necessity. We provide reimbursement for a replacement vehicle while your vehicle is in a repair facility for a covered repair.
- **Trip interruption** — We want you to feel comfortable. If your vehicle has a covered mechanical breakdown while away from home, we provide reimbursement for required meals and lodging.
- **Transferability** — If you sell your vehicle within your warranty terms, the remaining coverage can be transferred to the new owner, enhancing the resale value.

The Quality Plus Certified COOL program provides comprehensive coverage for
Key vehicle components

- **Engine** — Engine block, cylinder head, rotor housing, oil pan, valve cover; all internally lubricated parts contained within the engine block, rotor housing and cylinder head; oil pump; timing chain, gears, and tensioners; timing belt and tensioners; balance belt; variable valve camshaft adjuster; intake and exhaust manifolds; harmonic balancer; engine mounts; water pump; flywheel; and flexplate.
- **Transmission, transaxle, and transfer case** — (Automatic and standard) Case housings; housing covers and pans; all internally lubricated parts contained within the transmission, transaxle, and transfer case housings; torque converter; viscous coupling; vacuum modulator; and transmission mounts.
- **Drive axle** — (Includes transaxle and 4 wheel drive vehicles.) Front and rear drive axle housings and covers; all internally lubricated parts contained within the drive axle housings; axle shafts; constant velocity joints and boots; driveshafts; universal joints; flex discs; driveshaft center support bearing; driveshaft yokes; 4 wheel drive engagement actuators and motors; and 4 wheel drive locking hubs.
- **Cooling** — Radiator; fan motor and relay; thermostat; fan shroud; fan clutch; fan blades; and coolant recovery unit.
- **Interior comfort and climate** — (Factory or dealer installed with factory approved parts only). Air conditioning compressor, clutch, pulley, and its mounting bracket; accumulator; receiver dryer; evaporator; condenser; idler pulley and bearing; serpentine belt tensioner; expansion valve; orifice tube; air conditioning pressure switch; and blower motor and fan.
- **Seals and gaskets** — Seals and gaskets for all listed parts.

Program benefits provide

Safety & Security

Please see your warranty for specific exclusions and details of benefits.

Important plan **Information**

- **Required maintenance to keep your warranty in force or transfer your warranty** — In order to keep your warranty in force or transfer your warranty, the covered vehicle must be maintained according to the manufacturer's specifications. Proof of maintenance may be required. The performance of normal maintenance services is not covered under your warranty.
- **Prior authorization** — Prior to starting repairs, you or the repair facility must contact the administrator at 1-800-322-3933. If a mechanical breakdown occurs outside the administrator's operating hours, the administrator must be contacted during the next business day. Failure to obtain authorization prior to repairs may result in nonpayment.
- **Exclusions** — Your warranty may not cover or apply to certain conditions. Please refer to the General Warranty Exclusions section of your warranty.

Please see your warranty for specific details.
