The 5 Star Wrap Vehicle Service Contract provides supplementary protection to your manufacturer's warranty. This coverage provides important and valuable benefits at a cost that could be less than that of a single breakdown.

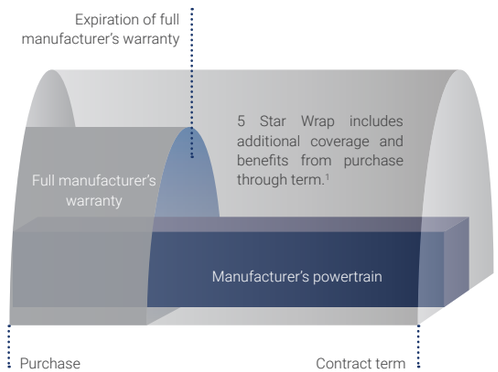

The 5 Star Wrap Vehicle Service Contract is available on both new and manufacturer certified pre-owned vehicles.

Protection that saves you money

The 5 Star Wrap Vehicle Service Contract offers affordable protection against costly repairs. Your coverage could cost less than paying for one moderate failure.*

* These costs are for demonstration purposes only and are anticipated prices after three years based on industry averages.

Reduce your risk and expand your protection

The manufacturer's warranty alone may not give you all the coverage or benefits you need.

For instance, the initial months of the manufacturer's extended powertrain warranty may not cover towing, trip interruption or car rental. If something goes wrong and you have to use the manufacturer's warranty, you're likely to need these additional benefits too.

The 5 Star Wrap Vehicle Service Contract wraps around the manufacturer's warranty to provide you with the extensive coverage you need. The 5 Star Wrap covers non-powertrain parts on a manufacturer or manufacturer certified preowned (CPO) powertrain warranty.
